INDEPENDENT AUDITORS' REPORT

To the Board of Directors
of the Shasta Regional Transportation Agency
Redding, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, and each major fund of the Shasta Regional Transportation Agency ("SRTA") as of and for the year ended June 30, 2019, and the related notes to the basic financial statements, which collectively comprise SRTA's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, and each major fund of SRTA, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Schedules, the Schedule of the Proportionate Share of the Net Pension Liability and Related Ratios, the Schedule of the Contributions - Pensions, the Schedule of Changes in Net Other Postemployment Benefits Liability and Related Ratios, and the Schedule of the Contributions - Net Other Postemployment Benefits on pages 11 through 15 and 61 through 69 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise SRTA's basic financial statements. The Schedules of Allocations and Disbursements, the Schedule of Cost Allocation Plan Reconciliation and Indirect Cost Rate Carryover, the Schedule of Cost Allocation Plan Reconciliation and Indirect Cost Allocation Carryover, and the Schedule of Expenditures of Federal Awards, as required by *Title 2 U.S. Code of Federal Regulations Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedules of Allocations and Disbursements, the Schedule of Cost Allocation Plan Reconciliation and Indirect Cost Rate Carryover, the Schedule of Cost Allocation Plan Reconciliation and Indirect Cost Allocation Carryover, and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedules of Allocations and Disbursements, the Schedule of Cost Allocation Plan Reconciliation and Indirect Cost Rate Carryover, the Schedule of Cost Allocation Plan Reconciliation and Indirect Cost Allocation Carryover, and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2019 on our consideration of SRTA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of SRTA's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SRTA's internal control over financial reporting and compliance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE (INCLUDING THOSE CONTAINED IN THE TDA STATUTES
AND CALIFORNIA CODE OF REGULATIONS) AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

Independent Auditors' Report

To the Board of Directors
of the Shasta Regional Transportation Agency
Redding, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the TDA Statutes and California Code of Regulations issued by the California Department of Transportation, the financial statements of the governmental activities, business-type activities, and each major fund of the Shasta Regional Transportation Agency ("SRTA"), as of and for the year ended June 30, 2019, and the related notes to the basic financial statements, which collectively comprise SRTA's basic financial statements, and have issued our report thereon dated November 15, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered SRTA's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of SRTA's internal control. Accordingly, we do not express an opinion on the effectiveness of SRTA's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weakness.

To the Board of Directors
of the Shasta Regional Transportation Agency
Redding, California
Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether SRTA's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR THE TRANSPORTATION PLANNING AGENCY REQUIRED BY
TRANSPORTATION DEVELOPMENT ACT
AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE**

Independent Auditors' Report

To the Board of Directors
of the Shasta Regional Transportation Agency
Redding, California

Report on Compliance for Transportation Planning Agency Required by Transportation Development Act

We have audited the Shasta Regional Transportation Agency's ("SRTA") compliance with the compliance requirements described in §6662 and §6663 of the California Code of Regulation, Title 21, Division 3, Chapter 3, Article 5.5 applicable to SRTA's compliance as Transportation Planning Agency ("TPA") for the year ended June 30, 2019.

Management's Responsibility

Compliance with the requirements referred to above is the responsibility of SRTA's management.

Auditors' Responsibility

Our responsibility is to express an opinion on SRTA's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Transportation Development Act ("TDA") Statutes and California Code of Regulations, July 2018, issued by the California Department of Transportation Division of Rail and Mass Transportation ("TDA Guidebook"). Those standards and TDA Guidebook require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on SRTA as TPA occurred. An audit includes examining, on a test basis, evidence about SRTA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the SRTA's compliance with these requirements.

Opinion on SRTA as Transportation Planning Agency

In our opinion, SRTA complied, in all material respects, with the compliance requirements referred to above that are applicable to SRTA as Transportation Planning Agency for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of SRTA is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit, we considered the SRTA's internal control over compliance to determine the auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the SRTA's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a compliance requirement on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing on internal control over compliance and the results of that testing based on the requirements of §6662 and §6663 of the California Codes of Regulation, Title 21, Division 3, Chapter 3, Article 5.5. Accordingly, this report is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM
AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Independent Auditors' Report

To the Board of Directors
of the Shasta Regional Transportation Agency
Redding, California

Report on Compliance for Each Major Federal Program

We have audited the Shasta Regional Transportation Agency's ("SRTA") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of SRTA's major federal programs for the year ended June 30, 2019. SRTA's major federal programs are identified in the summary of the auditors' results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of SRTA's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about SRTA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of SRTA's compliance.

Opinion on Each Major Federal Program

In our opinion, SRTA complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of SRTA is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered SRTA's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of SRTA's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weakness may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Shasta Regional Transportation Agency Management's Discussion and Analysis (Unaudited) Year Ended June 30, 2019

As management of the Shasta Regional Transportation Agency ("SRTA"), we offer readers of SRTA's financial statements this narrative overview and analysis of the financial activities of SRTA for the fiscal year ended June 30, 2019. We encourage readers to consider the information presented herein, in conjunction with the rest of the report.

Financial Highlights

- SRTA's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$6,562,209.
- SRTA's net position increased by \$1,051,430 as a result of this fiscal year's operations.
- As of the close of the current fiscal year, SRTA's governmental funds reported combined ending fund balances of \$4,751,100 an increase of \$973,867 in comparison with the prior fiscal year.
- At the end of the current fiscal year, unassigned fund balance for the Local Planning Fund was \$162,356 or 6% of total Local Planning Fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to SRTA's basic financial statements. SRTA's basic financial statements are made up of three components: (1) Government-wide Financial Statements, (2) Fund Financial Statements, and (3) Notes to Basic Financial Statements. This report also contains other supplementary information in addition to the basic financial statements and required information.

Government-wide Financial Statements - The government-wide financial statements are designed to provide readers with a broad overview of SRTA's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all SRTA's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between the four reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of SRTA is improving or deteriorating.

The *Statement of Activities* presents information showing how SRTA's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected intergovernmental revenues and earned but unused vacation leave).

The government-wide financial statements can be found on pages 21-23 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. SRTA, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All funds of SRTA can be classified as Governmental Funds or Proprietary Funds.

Shasta Regional Transportation Agency
Management's Discussion and Analysis (Unaudited) (Continued)
Year Ended June 30, 2019

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between government funds and governmental activities.

SRTA maintains three governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and change in fund balances.

Local Planning (General) Fund – The Planning Fund is the general operating fund of the Agency and accounts for the revenues collected to provide services and finance the fundamental operations of the Agency. The major revenue sources for this fund are local transportation funds and federal and state planning grants. Expenditures are made for administration, as well as local and regional planning projects.

The **Local Transportation Special Revenue Fund** is used to account for Transportation Development Act revenues, which are claimed by local agencies for pedestrian and bike facilities, transit services, and streets and roads.

The **State Transit Assistance Special Revenue Fund** is used to account for Transportation Development Act revenues, which are claimed by local agencies for transit and transportation planning purposes.

SRTA adopts an annual appropriated budget for all governmental funds. Budgetary comparison statements have been provided for this fund to demonstrate compliance with the budget.

The governmental fund financial statements can be found on pages 27-30 of this report.

Proprietary Funds – Proprietary funds account for operations (1) that are financed and operated in a manner similar to private business enterprises. The intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered through user charges; or (2) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Proprietary funds can be found on pages 31-33 of this report.

The **Building Rental Enterprise Funds** - these funds account for the financial transactions related to SRTA renting a portion of their property located at 1255 East Street in Redding, California.

Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in government-wide and fund financial statements. The notes to basic financial statements can be found on pages 35-57 of this report.

**Shasta Regional Transportation Agency
Management's Discussion and Analysis (Unaudited) (Continued)
Year Ended June 30, 2019**

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position.

The following table presents SRTA's net position as of June 30, 2019 and 2018:

	Net Position					
	June 30, 2019 and 2018					
	Governmental Activities		Business-type Activities		Total	
	2019	2018	2019	2018	2019	2018
Current and other assets	\$ 12,420,898	\$ 6,918,017	\$ -	\$ 52,390	\$ 12,420,898	6,970,407
Internal balance	331,205	386,960	(331,205)	(386,960)	-	-
Capital assets	1,078,467	1,129,584	552,439	575,467	1,630,906	1,705,051
Total assets	<u>13,830,570</u>	<u>8,434,561</u>	<u>221,234</u>	<u>240,897</u>	<u>14,051,804</u>	<u>8,675,458</u>
Deferred outflows of resources	271,820	285,780	-	-	271,820	285,780
Long-term liabilities	771,588	820,572	111,477	119,936	883,065	940,508
Other liabilities	6,867,884	2,495,256	9,355	12,211	6,877,239	2,507,467
Total liabilities	<u>7,639,472</u>	<u>3,315,828</u>	<u>120,832</u>	<u>132,147</u>	<u>7,760,304</u>	<u>3,447,975</u>
Deferred inflows of resources	1,111	2,484	-	-	1,111	2,484
Net position:						
Net investment in capital assets	447,385	455,272	432,501	447,314	879,886	902,586
Restricted	5,810,750	4,865,013	-	-	5,810,750	4,865,013
Unrestricted	203,672	81,744	(332,099)	(338,564)	(128,427)	(256,820)
Total net position	<u>\$ 6,461,807</u>	<u>\$ 5,402,029</u>	<u>\$ 100,402</u>	<u>\$ 108,750</u>	<u>\$ 6,562,209</u>	<u>\$ 5,510,779</u>

SRTA's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$6,562,209 at the close of the current fiscal year. Overall, capital assets decreased from prior fiscal year by \$74,145 due to depreciation of assets.

During the current fiscal year, SRTA's increase in net position was \$1,051,430. This increase is due to a rise of sales taxes contributing to higher local transportation assistance and state transportation assistance.

**Shasta Regional Transportation Agency
Management's Discussion and Analysis (Unaudited) (Continued)
Year Ended June 30, 2019**

The following table demonstrates the changes in SRTA's net position for the year ended June 30, 2019 and 2018:

**Changes in Net Position
For the Years Ended June 30, 2019 and 2018**

	Governmental Activities		Business-type Activities		Total

Net position - end of year	\$ 6,461,807	\$ 5,402,029	\$ 100,402	\$ 108,750	\$ 6,562,209	\$ 5,510,779

Financial Analysis of SRTA's Funds

As noted earlier, SRTA uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of SRTA's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing SRTA's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of SRTA's net resources available for spending at the end of the fiscal year.

The Local Planning Fund is the General Fund of SRTA. At the end of the current fiscal year, total fund balance was \$182,651, of which, \$162,356 is available to spend at the government's discretion. As a measure of the Local Planning Fund's liquidity, it may be useful to compare fund balance to total fund expenditures. Fund balance represents 7% of total expenditures.

During the current fiscal year, SRTA's Local Planning Fund balance increased by \$231,781. This is due to a concerted conservative spending effort and careful budgeting.

General Planning Fund Budgetary Highlights

There were three adjustments in the Local Planning Fund budget due to grants. Adopted appropriations were sufficient to cover all general fund operations during the fiscal year.

Capital Assets and Debt Administration

Capital Assets - SRTA's capital assets as of June 30, 2019, amounts to \$1,630,906, net of accumulated depreciation. Capital assets includes office equipment, furniture, software and a building. The decrease in SRTA's Capital was primarily due to an increase of depreciation of assets.

**Capital Assets (Net of Depreciation)
June 30, 2019 and 2018**

	Governmental Activities		Business-type Activities		Total	
	2019	2018	2019	2018	2019	2018
Land	\$ 118,722	\$ 118,722	\$ 116,278	\$ 116,278	\$ 235,000	\$ 235,000
Building	917,937	962,263	436,161	459,189	1,354,098	1,421,452
Improvements	3,223	3,689	-	-	3,223	3,689
Equipment and furniture	38,585	44,910	-	-	38,585	44,910
Total capital assets	\$ 1,078,467	\$ 1,129,584	\$ 552,439	\$ 575,467	\$ 1,630,906	\$ 1,705,051

Additional information on SRTA's capital assets can be found in Note 6 on page 43 of this report.

Debt Administration – As of June 30, 2019 SRTA's debt totaled \$751,020, a decrease of \$51,445 from the prior year. The reason of the decrease was a payment made on the capital leases for the purchase of the building.

**Outstanding Debt
June 30, 2019 and 2018**

	Governmental Activities		Business-type Activities		Total	
	2019	2018	2019	2018	2019	2018
Capital leases	\$ 631,082	\$ 674,312	\$ 119,938	\$ 128,153	\$ 751,020	\$ 802,465

Additional information on SRTA's outstanding debt can be found in Note 9 on page 44-45 of this report.

Economic Factors and Next Fiscal Year's Budgets and Rates

The revenue and expenditure projections incorporated into the fiscal year 2019-20 budget are based upon historical data with inflationary increases; revenue estimates for grants and sales tax revenues provided by outside agencies such as the State Department of Transportation and the County Auditor's Office; and adjustments to expenditures to reflect the various stages of ongoing and new projects that SRTA will undertake in the coming year.

A priority of SRTA is to continue its longstanding policies of prudent fiscal management while ensuring long-term financial stability. The adopted budget for fiscal year 2019-20 projects an increase in fund balance of \$60,805.

Requests for Information

This financial report is designed to provide a general overview of SRTA's finances for all interested parties. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to SRTA's Chief Finance Officer at 1255 East Street, Suite 202, Redding, California 96001.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements
For the Year Ended June 30, 2019

Note 1 – Reporting Entity

The Shasta Regional Transportation Agency (“SRTA”) was designated as the Shasta County Metropolitan Planning Organization (“MPO”) by the Governor of California in 1981.

In 1981, SRTA, the City of Redding, the Redding Area Bus Authority (“RABA”), the City of Anderson, the County of Shasta (the “County”), and Caltrans approved a Memorandum of Understanding outlining legal foundations of the MPO, the planning process, the obligations and responsibilities, the organization makeup, and the funding process.

SRTA is responsible for the development and adoption of transportation policy; review and coordination of transportation planning; a Regional Transportation Plan; and a Regional and Federal Transportation Improvement Program. These planning activities enable the local jurisdictions within the County of Shasta to qualify for a variety of state and federal funding for transportation projects and facilities.

Note 2 – Summary of Significant Accounting Policies

The basic financial statements of SRTA have been prepared in accordance with accounting principles generally accepted of the United States of America (“U.S. GAAP”) as applied to governmental agencies. The Governmental Accounting Standards Board (“GASB”) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of SRTA’s accounting policies are described below.

A. Basis of Accounting and Measurement Focus

The accounts of SRTA are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Government-Wide Financial Statements

SRTA’s Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities. These statements present summaries of governmental activities for SRTA accompanied by a total column.

These financial statements are presented on an “*economic resources*” measurement focus and the accrual basis of accounting. Accordingly, all of SRTA’s assets and liabilities, including capital assets, as well as long-term liabilities, are included in the accompanying Statement of net position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Certain types of transactions are reported as program revenues for SRTA in the following categories:

- Charges for services
- Operating grants and contributions

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 2 – Summary of Significant Accounting Policies (Continued)

A. Basis of Accounting and Measurement Focus (Continued)

Governmental Fund Financial Statements

Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures and Change in Fund Balances. An accompanying reconciliation explains the differences in net position as presented in these statements to the net position presented in the Government-Wide Financial Statements.

The governmental funds are accounted for on a spending or "*current financial resources*" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheet. The Statement of Revenues, Expenditures and Change in Fund Balance presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period.

Revenues are recorded when received in cash, except for that revenues subject to accrual (generally 60 days after year-end) are recognized when measurable and available. The primary revenue sources, which have been treated as susceptible to accrual by SRTA, are sales tax and intergovernmental revenues. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

Revenues from grants and other contributions are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been met. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which SRTA must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to SRTA on a reimbursement basis.

Unavailable revenues arise when potential revenues do not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenues arise when the government receives resources before it has a legal claim to them, as when grant monies are received prior to incurring qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met or when the government has a legal claim to the resources, the unavailable and unearned revenues are removed from the Balance Sheet and revenues are recognized.

The Reconciliation of the Fund Financial Statements to the Government-Wide Financial Statements is provided to explain the differences.

SRTA reports the following major Governmental Funds:

Local Planning (General) Fund – The Planning Fund is the general operating fund of the Agency and accounts for the revenues collected to provide services and finance the fundamental operations of the Agency. The major revenue sources for this fund are local transportation funds and federal and state planning grants. Expenditures are made for administration, as well as local and regional planning projects.

Local Transportation Special Revenue Fund is used to account for Transportation Development Act revenues, which are claimed by local agencies for pedestrian and bike facilities, transit services, and streets and roads.

State Transit Assistance Special Revenue Fund is used to account for Transportation Development Act revenues, which are claimed by local agencies for transit and transportation planning purposes.

Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 2 – Summary of Significant Accounting Policies (Continued)

A. Basis of Accounting and Measurement Focus (Continued)

Proprietary Fund Financial Statements

Proprietary funds account for operations (1) that are financed and operated in a manner similar to private business enterprises. The intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered through user charges; or (2) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Proprietary funds are accounted for on a flow of “*economic resources*” measurement focus and accrual basis of accounting. With this measurement focus, all assets and liabilities associated with the operation are recognized when they are earned, and expenses and deductions are recognized when they are incurred. Non-exchange revenues are recognized when all eligibility requirements have been met. Cost reimbursement grant revenues are recognized when program expenses are incurred in accordance with program guidelines. When non-exchange revenues are received before eligibility requirements are met, they are reported as unearned revenues until earned.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary fund’s principal ongoing activity. The principal operating revenue of SRTA is rent from a building. Operating expenses for the proprietary fund included general and administrative expenses and depreciation. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

SRTA reports the following proprietary Funds:

Building Rental Enterprise Funds – these funds account for the financial transactions related to SRTA renting a portion of 1255 East Street in Redding, CA.

B. Cash and Cash Equivalents

SRTA’s cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturity of three months or less from the date of acquisition.

Certain disclosure requirements for Deposits and Investment Risks were made in the following areas:

- Interest Rate Risk
- Credit Risk
 - Overall
 - Custodial Credit Risk
 - Concentrations of Credit Risk

In addition, other disclosures are specified including use of certain methods to presents deposits.

C. Interfund Transactions

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as “due from/to other funds” (i.e., current portion of interfund loans) or “advances to/from other funds” (i.e., long-term in nature). Any residual balances outstanding between the governmental activities and business-type activities are reported in the Governmental-Wide Financial Statements as “internal balances”.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 2 – Summary of Significant Accounting Policies (Continued)

D. Unearned Revenue

Unearned revenue are reported for resources received before the eligibility requirements are met (excluding time requirements).

E. Capital Assets

Capital assets include general office equipment, furniture and real estate. Capital assets are defined by SRTA as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Major outlays for capital asset improvements are recorded as assets.

Capital assets are depreciated or amortized using the straight-line method over the following estimated useful lives:

Office equipment and furniture	5 years
Building and building improvements	15-40 years

F. Compensated Absences

Vested or accumulated vacation and sick leave that is expected to be liquidated with expendable available resources is reported as an expenditure and related fund liability of the governmental fund responsible for payment. Amounts of vested or accumulated vacation and sick leave and benefits that are not expected to be liquidated with expendable available resources are reported in the non-current portion of the obligations reported in the government-wide statement of net position with corresponding changes in account balances reported as expenses in the statement of activities.

Vacation accruals for non-management employees may not exceed fifty-two (52) times the employee's bi-weekly accrual rate. Management employees may not exceed seventy-eight (78) times the employee's bi-weekly accrual rate. There is no limit on the accrual of sick leave. Upon termination, other than discharge, an employee shall be entitled to payment of a percentage of accumulated sick leaves based on the number of years of service.

G. Overhead

Administrative and office overhead is allocated to each project based on their approved indirect cost rate. Professional and specialized services are charged directly to the applicable project.

H. Deferred Outflows and Inflows of Resources

The Statement of Net Position/Balance Sheet reports separate sections for deferred outflows of resources, and deferred inflows of resources, when applicable.

Deferred Outflows of Resources represent outflows of resources (consumption of net position) that apply to future periods and that, therefore, will not be recognized as an expense until that time.

Deferred Inflows of Resources represent inflows of resources (acquisition of net position) that apply to future periods and that, therefore, are not recognized as revenue until that time.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 2 – Summary of Significant Accounting Policies (Continued)

I. Net Position

In the government-wide financial statements, net position is classified in the following categories:

Net Investment in Capital Assets – This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – This component of net position consists of restricted assets and reduced by liabilities and deferred inflows of resources related to those assets.

Unrestricted – This component of net position is the remaining amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

When an expense is incurred for purposes for which both restricted and unrestricted net positions are available, SRTA's policy is to apply restricted net position first.

J. Fund Balances

In the governmental fund financial statements, fund balances are classified in the following categories:

Nonspendable – Items that cannot be spent because they are not in spendable form, such as prepaid items and inventories, and items that are legally or contractually required to be maintained intact, such as principal of an endowment or revolving loan funds.

Restricted – Restricted fund balances encompass the portion of net fund resources subject to externally enforceable legal restrictions. This includes externally imposed restrictions by creditors, such as through debt covenants, grantors, contributors, laws or regulations of other governments as well as restrictions imposed by law through constitutional provisions or enabling legislation.

Committed – Committed fund balances encompass the portion of net fund resources, the use of which is constrained by limitations that the government imposes upon itself at its highest level of decision making, normally the governing body and that remain binding unless removed in the same manner. SRTA Board of Directors is considered the highest authority for SRTA.

Assigned – Assigned fund balances encompass the portion of net fund resources reflecting the government's intended use of resources. Assignment of resources can be done by the highest level of decision making or by a committee or official designated for that purpose. The Board and the Executive Director have the authority to assign amounts to be used for specific purposes.

Unassigned – This category is for the remaining fund balance.

When both restricted and unrestricted resources are available for use, it is SRTA's policy to use externally restricted resources first, the unrestricted resources-committed, assigned, and unassigned-in order as needed. SRTA has no formal policy of assignment of fund balance. So it is presumed that the order of spending is first committed fund balance, then assigned fund balance, and last of all, unassigned fund balance.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 2 – Summary of Significant Accounting Policies (Continued)

K. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the plans and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value. The following timeframes are used for pension reporting:

Valuation Date	June 30, 2017
Measurement Date	June 30, 2018
Measurement Period	July 1, 2017 to June 30, 2018

Gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time. The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to pensions and are to be recognized in future pension expense. The amortization period differs depending on the source of the gain or loss. The difference between projected and actual earnings is amortized straight-line over 5 years. All other amounts are amortized straight-line over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) as of the beginning of the measurement period.

L. Other Postemployment Benefits

For purposes of measuring the net other postemployment benefits ("OPEB") liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the plans and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value. The following timeframes are used for pension reporting:

Valuation Date	June 30, 2017
Measurement Date	June 30, 2018
Measurement Period	July 1, 2017 to June 30, 2018

Gains and losses related to changes in total OPEB liability and fiduciary net position are recognized in OPEB expense systematically over time. The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense. The amortization period differs depending on the source of the gain or loss. The difference between projected and actual earnings is amortized using the straight-line method over five (5) years. All other amounts are amortized straight-line over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) as of the beginning of the measurement period.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 2 – Summary of Significant Accounting Policies (Continued)

M. Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amount and disclosures. Accordingly, actual results could differ from those estimates.

Note 3 – Cash

At June 30, 2019, cash is classified as follows:

Governmental Activities	\$ 11,187,269
-------------------------	---------------

At June 30, 2019, cash consisted of the following:

Petty cash	\$ 100
Deposits with financial institution	8,602,919
Cash Pooled with Shasta County Treasury	2,584,250
Total cash	\$ 11,187,269

Demand Deposits

At June 30, 2019, the carrying amount of SRTA’s deposits was \$8,602,919 and the bank balance was \$8,271,415. The total bank balance was covered by federal depository insurance or by collateral held by SRTA’s agent in SRTA’s name as discussed below.

The California Government Code requires California banks and savings and loan associations to secure SRTA’s cash deposits by pledging securities as collateral. This Code states that collateral pledged in this manner shall have the effect of perfecting a security interest in such collateral superior to those of a general creditor. Thus, collateral for cash deposits is considered to be held in SRTA's name.

The market value of pledged securities must equal at least 110% of the SRTA's cash deposits. California law also allows institutions to secure SRTA deposits by pledging first trust deed mortgage notes having a value of 150% of the City’s total cash deposits. SRTA may waive collateral requirements for cash deposits, which are fully insured up to \$250,000 by the Federal Deposit Insurance Corporation (“FDIC”). SRTA has waived the collateralization requirements for deposits insured by FDIC.

Cash Pooled with Shasta County Treasury

SRTA maintains its State Transit Assistance and Local Transportation Funds cash in the amount of \$2,584,250 in the Shasta County Treasury. The County pools these funds with those of other entities in the County and invests the cash. These pooled funds are carried at amortized cost. Interest earned is deposited quarterly into participating funds. Required disclosure information regarding categorization of investments and other deposit and investment risk disclosures can be found in the County’s financial statements. The County of Shasta’s financial statements may be obtained by contacting the County of Shasta Auditor-Controller’s office at 1450 Court Street, Room 238, Redding, California 96001. The investment pool is not registered within the Securities and Exchange Commission (“SEC”), and a treasury oversight committee provides oversight to insure that investments comply with the approved County investment policy. At June 30, 2019, the weighted average maturity for the Shasta County Treasury is less than one year. The Shasta County Treasury is not rated by the rating agency. At the year end, the Shasta County Treasury was not exposed to custodial credit risk.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 4 – Due From Other Governments

Due from other governments consists mainly of amounts due from State of California in the amount of \$1,223,629 for State Transit Assistance revenue and grant revenue. Management believes these amounts to be fully collectible and, accordingly, no allowance for doubtful accounts is required.

Note 5 – Interfund Transactions

A. Internal Balances

At June 30, 2019, SRTA had the following internal balances.

	Internal Payable	
Internal Receivable		Business-Type Activities
Governmental Activities	\$	331,205
		331,205

B. Due From/To Other Funds

At June 30, 2019, SRTA had the following due from/to other funds

Due To Other Funds		Due From Other Funds
Proprietary Funds		Governmental Fund
		Local Planning (General) Fund
Building Rental Enterprise Funds	\$	159,238
		159,238

The purpose of due from/to other funds is to cover short-term cash shortfall.

C. Advances To and From Other Funds

SRTA purchased a building at 1255 East Street in Redding, California. The Local Transportation Special Revenue Fund (Loan Fund) advanced \$401,349 for the 40% of the square footage of the building that is leased to a for-profit entity. The Suite 101 Building Rental Enterprise Fund is expected, with annual Board approval, to annually return the advances to the Loan Special Revenue Fund with no interest over a seven-year period from net rental income. There is no repayment schedule for the advances.

At June 30, 2019, the advances from the Local Transportation Special Revenue Fund are in the amount of \$171,967.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 6 – Capital Assets

SRTA purchased a building at 1255 East Street in Redding, California. SRTA occupies approximately 51% percent of the building with 9% available for lease to other governmental or not-for-profit organizations and 40% available for lease to for-profit entities. The original cost of the building was \$1,089,599 with an additional \$632,113 for remodeling. A portion of the costs in the amount of \$622,396, have been allocated to rental operations in propriety activities. The balance of the costs in the amount of \$1,099,316, have been allocated to the Planning Fund in governmental activities.

The 51% and 9% of the building were funded by an advanced lease payment from Umpqua Bank for \$923,000. After the initial purchase, SRTA restricted the remaining unspent lease proceeds in the amount of \$15,355 for future building remodeling costs. The 40% portion of the building leased to a for-profit entity was financed with an advance from the Local Transportation Special Revenue Fund in the amount of \$401,349 (See Note 5C).

A summary of changes in capital assets for the governmental activities for the year ended June 30, 2019 is as follows:

	Balance			Balance
	July 1, 2018	Additions	Deletions	June 30, 2019
Governmental Activities:				
Capital Assets, not being depreciated				
Land	\$ 118,722	\$ -	\$ -	\$ 118,722

Total depreciable assets, net	459,189	(23,028)	-	436,161
Business-type activities capital assets, net	\$ 575,467	\$ (23,028)	\$ -	\$ 552,439

Depreciation expenses in the amount of \$51,117 and \$23,028 for the year ended June 30, 2019 were charged to planning and administrative function for governmental activities and rental programs for the business-type activities.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 7 – Due To Other Governments

At June 30, 2019, due to other governments consisted of the following:

City of Shasta Lake	27,326
City of Anderson	27,749
City of Redding	260,600
County of Shasta	311,421
Total due to other governments	\$ 627,096

Note 8 – Unearned Revenue

Unearned revenue mainly includes two years of Regional Surface Transportation Program (RSTP) funds distributed to SRTA. Many jurisdictions have not claimed the funds.

Note 9 – Long-term Liabilities

Summary of changes in long-term liabilities for the year ended June 30, 2019, was as follows:

	Balance July 1, 2018	Additions	Deletions	Balance June 30, 2019	Due in One Year	More Than One Year
Governmental Activities:						
Capital Lease	\$ 674,312	\$ -	\$ (43,230)	\$ 631,082	\$ 44,518	\$ 586,564
Compensated absences	45,850	48,173	(25,792)	68,231	39,667	28,564
	\$ 720,162	\$ 48,173	\$ (69,022)	\$ 699,313	\$ 84,185	\$ 615,128
Business-type Activities:						
Capital Lease	\$ 128,153	\$ -	\$ (8,215)	\$ 119,938	\$ 8,461	\$ 111,477

Capital Leases

In April, 2016 SRTA purchased a portion of a building for occupancy which is included in capital assets at a cost of \$573,554 for SRTA planning activities and \$108,990 for rental activities. SRTA leases a portion of the building to Umpqua Bank under a Site and Facility Lease until October 1, 2030. The Site and Facility lease required an advanced payment from Umpqua Bank of \$923,000. The Site and Facility lease stipulates that Umpqua Bank shall lease the same portion of building back to SRTA under a lease agreement that qualifies as a capital lease for accounting purposes. The lease agreement between Umpqua Bank as the sub-lessor and SRTA as the sub-lessee requires SRTA to pay a total of \$923,000 plus interest in semi-annual payments through October, 2030. Interest on the lease is at 2.98%. SRTA holds title to the property. SRTA may prepay the lease payments up to 10% of the outstanding principal component of the lease payments without a prepayment premium.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 9 – Long-term Liabilities (Continued)

Capital Leases (Continued)

Future minimum lease payments under the capital lease are as follows:

<u>Year Ended June 30,</u>	<u>Governmental Activities</u>	<u>Business-type Activities</u>
2020	\$ 62,661	\$ 11,909
2021	62,641	11,905
2022	62,621	11,901
2023	62,599	11,898
2024	62,579	11,893
Thereafter	437,386	83,126
Total minimum lease payments	750,487	142,632
Less amount representing interest	(119,405)	(22,694)
Present value of minimum lease payments	<u>\$ 631,082</u>	<u>\$ 119,938</u>

Compensated Absences

SRTA's liability for vested and unpaid compensated absences (accrued vacation) has been accrued and totaled to \$68,231 for governmental activities at June 30, 2019 and are generally liquidated by the Local Planning Fund for the governmental activities.

Note 10 – Retirement Plan

A. General Information about the Pension Plan

Plan Description

SRTA contributes to the California Public Employees' Retirement System ("CalPERS"), a cost-sharing multiple-employer defined benefit pension plan. CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. CalPERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by State statute and City ordinance. Copies of the CalPERS annual financial report may be obtained from their Executive Office located at 400 P Street, Sacramento, California 95814 and from CalPERS's website

Employees Covered by Benefit Terms

At June 30, 2017 valuation date, the following employees were covered by the benefit terms:

	Plans	
	Classic	PEPRA
Active employees	5	4
Transferred and terminated employees	2	-
Retired Employees and Beneficiaries	1	-
Total	<u>9</u>	<u>4</u>

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 10 – Retirement Plan (Continued)

A. General Information about the Pension Plan (Continued)

Benefit Provided

CalPERS provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Classic and PEPRA Safety CalPERS member becomes eligible for service retirement upon attainment of age 55 with at least 5 years of credited service. PEPRA miscellaneous members become eligible for service retirement upon attainment of age 62 with at least 5 years of service. The service retirement benefit is a monthly allowance equal to the product of the benefit factor, years of service, and final compensation. The final compensation is the monthly average of the member's highest 36 full-time equivalent monthly pay.

Following are the benefit provisions for each plan:

	Plans	
	Classic	PEPRA
Hire Date	Prior to January 1, 2013	On or After January 1, 2013
Benefit Formula	2% @ 55 of the average final 12 months compensation	2% @ 62 of the average final 36 months compensation
Vesting Schedule	5 Years of Service Credit	5 Years of Service Credit
Benefit Payments	Monthly for Life	Monthly for Life
Retirement Age	50 - 55	52 - 67

Participant is eligible for non-industrial disability retirement if becomes disabled and has at least 5 years of credited service. There is no special age requirement. The standard non-industrial disability retirement benefit is a monthly allowance equal to 1.8 percent of final compensation, multiplied by service. Industrial disability benefits are not offered to miscellaneous employees.

An employee's beneficiary may receive the basic death benefit if the employee dies while actively employed. The employee must be actively employed with SRTA to be eligible for this benefit. An employee's survivor who is eligible for any other pre-retirement death benefit may choose to receive that death benefit instead of this basic death benefit. The basic death benefit is a lump sum in the amount of the employee's accumulated contributions, where interest is currently credited at 7.5 percent per year, plus a lump sum in the amount of one month's salary for each completed year of current service, up to a maximum of six months' salary. For purposes of this benefit, one month's salary is defined as the member's average monthly full-time rate of compensation during the 12 months preceding death.

Upon the death of a retiree, a one-time lump sum payment of \$500 will be made to the retiree's designated survivor(s), or to the retiree's estate.

Benefit terms provide for annual cost-of-living adjustments to each employee's retirement allowance. Beginning the second calendar year after the year of retirement, retirement and survivor allowances will be annually adjusted on a compound basis by 2 percent.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 10 – Retirement Plan (Continued)

A. General Information about the Pension Plan (Continued)

Contributions

Section 20814(c) of the California Public Employees’ Retirement Law (“PERL”) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS’ annual actuarial valuation process. The Public agency cost-sharing plans covered by either the Safety risk pools, the Plan’s actuarially determined rate is based on the estimated amount necessary to pay the Plan’s allocated share of the risk pool’s costs of benefits earned by employees during the year, and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

The contribution rates were as follows:

Plans	Year Ended June 30, 2019		Measurement Period 2017-18	
	Active Employee Contribution Rate	Employer Contribution Rate	Active Employee Contribution Rate	Employer Contribution Rate
Classic	7.000%	10.152%	7.000%	9.599%
PEPRA	6.500%	7.266%	6.500%	6.908%

B. Net Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

The June 30, 2017 actuarial valuation was rolled forward to determine the June 30, 2018 total pension liability, based on the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal in accordance with the requirement of GASB Statement No. 68
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.50%
Salary Increases	Varies by Entry Age and Service
Mortality Rate Table ¹	Derived using CalPERS’ Membership Data for all Funds.
Post Retirement Benefit Increase	Contract COLA up to 2.0% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.50% thereafter

¹The mortality table used in 2018 was developed based on CalPERS’ specific data. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to December 2017 Experience Study Report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website at www.calpers.ca.gov under Forms and Publications.

Change of Assumptions

In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Actuarial Assumptions December 2017. There were no changes in the discount rate.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 10 – Retirement Plan (Continued)

B. Net Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

Discount Rate

The discount rate used to measure the total pension liability was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The target allocation shown was adopted by the Board effective July 1, 2015.

Asset class ¹	Allocation	Years 1-10 ²	Years 11+ ³
Global equity	50.00%	4.80%	5.98%
Fixed Income	28.00%	1.00%	2.62%
Inflation assets	-	0.77%	1.81%
Private Equity	8.00%	6.30%	7.23%
Real assets	13.00%	3.75%	4.93%
Liquidity	1.00%	-	(0.92)%
	<u>100.00%</u>		

¹In the System's CAFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

²An expected inflation of 2.00% used for this period.

³An expected inflation of 2.92% used for this period.

Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 10 – Retirement Plan (Continued)

B. Net Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Sensitivity of the SRTA’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents SRTA’s proportionate share of the net pension liability of the Plan as of the measurement date, calculated using the discount rate of 7.15%, as well as what SRTA’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.15%) or 1 percentage-point higher (8.15%) than the current rate:

Plan’s Aggregate Net Pension Liability/(Asset)		
Discount Rate - 1%	Current Discount	Discount Rate + 1%
(6.15%)	Rate (7.15%)	(8.15%)
\$ 33,534	\$ 21,512	\$ 10,746

Pension Plan Fiduciary Net Position

Detail information about the plan’s fiduciary net position is available in the separately issued CalPERS financial report and can be obtained from CalPERS’ website under Forms and Publications.

Proportionate Share of Net Pension Liability and Pension Expense

The following table shows the plan’s proportionate share of the risk pool collective net pension liability over the measurement period:

	Increase (Decrease)		
	Plan Total Pension Liability	Plan Fiduciary Net Position	Plan Net Pension Liability/(Asset)
Balance at: 6/30/17 (Valuation date)	\$ 554,493	\$ 524,275	\$ 30,218
Balance at: 6/30/18 (Measurement date)	773,953	752,441	21,512
Net Changes during 2017-2018	219,460	228,166	(8,706)

The following, is the approach established by the plan actuary to allocate the net pension liability and pension expense to the individual employers within the risk pool for the measurement period ended June 30, 2018.

- (1) In determining a cost-sharing plan’s proportionate share, total amounts of liabilities and assets are first calculated for the risk pool as a whole on the valuation date (June 30, 2017). The risk pool’s fiduciary net position (“FNP”) subtracted from its total pension liability (“TPL”) determines the net pension liability (“NPL”) at the valuation date.
- (2) Using standard actuarial roll forward methods, the risk pool TPL is then computed at the measurement date. Risk pool FNP at the measurement date is then subtracted from this number to compute the NPL for the risk pool at the measurement date. For purposes of FNP in this step and any later reference thereto, the risk pool’s FNP at the measurement date denotes the aggregate risk pool’s FNP at June 30, 2018 less the sum of all additional side fund (or unfunded liability) contributions made by all employers during the measurement period (2017-18).

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 10 – Retirement Plan (Continued)

B. Net Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Proportionate Share of Net Pension Liability and Pension Expense (Continued)

- (3) The individual plan’s TPL, FNP and NPL are also calculated at the valuation date. TPL is allocated based on the rate plan’s share of the actuarial accrued liability. FNP is allocated based on the rate plan’s share of the market value assets.
- (4) Two ratios are created by dividing the plan’s individual TPL and FNP as of the valuation date from (3) by the amounts in step (1), the risk pool’s total TPL and FNP, respectively.
- (5) The plan’s TPL as of the measurement date is equal to the risk pool TPL generated in (2) multiplied by the TPL ratio generated in (4). The plan’s FNP as of the Measurement Date is equal to the FNP generated in (2) multiplied by the FNP ratio generated in (4) plus any additional side fund (or unfunded liability) contributions made by the employer on behalf of the plan during the measurement period.
- (6) The plan’s NPL at the measurement date is the difference between the TPL and FNP calculated in (5).

Deferred outflows of resources, deferred inflows of resources, and pension expense is allocate based on the SRTA’s share of contributions during measurement period.

SRTA’s proportionate share of the net pension liability (assets) was as follows:

June 30, 2018	0.00030470%
June 30, 2019	0.00022324%
Change - Increase (Decrease)	0.00008146%

For the year ended June 30, 2019, SRTA recognized pension expense in the amount of \$111,906.

The amortization period differs depending on the source of the gain or loss. The difference between projected and actual earnings is amortized over 5-years straight line. All other amounts are amortized straight-line over the average expected remaining service lives of all members that are provided with benefits (active, inactive and retired) as of the beginning of the measurement period.

The expected average remaining service lifetime (“EARSLS”) is calculated by dividing the total future service years by the total number of plan participants (active, inactive, and retired) in the risk pool. The EARSLS for risk pool for 2017-2018 measurement period is 3.8 years, which was obtained by dividing the total services years of 516,147 (the sum of the remaining service lifetimes of the active employees) by 135,474, (the total number of participants: active, inactive, and retired).

Note 10 – Retirement Plan (Continued)

B. Net Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Proportionate Share of Net Pension Liability and Pension Expense (Continued)

At June 30, 2019, the SRTA reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred outflows of Resources	Deferred inflows of Resources
Pension contribution after measurement date	\$ 111,204	\$ -
Difference between expected and actual experience	4,371	-
Changes of assumptions	14,861	-
Net difference between projected and actual earning on pension plan investments	852	-
Adjustment due to differences in proportions	37,220	-
Difference between employer's actual contributions and proportionate share of contributions	56,017	-
Total	\$ 224,525	\$ -

\$111,204 reported as deferred outflows of resources related to pensions resulting from the SRTA's contributions made subsequent to the measurement date will be recognized as a reduction of the collective net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/ (Inflows) of Resources
2020	\$ 64,970
2021	46,520
2022	3,385
2023	(1,554)
2024	-
Thereafter	-
	\$ 113,321

Note 11 – Deferred Compensation Plan

SRTA offers its employees a deferred compensation plan (the "Plan") created in accordance with IRS Code Section 457. Amounts deferred by employees and the related income are held in trust by the plan provider for the exclusive benefit of the participants and their beneficiaries. The amounts are not owned by SRTA nor are they available to SRTA's creditors. The Plan allows employees to make voluntary contributions to the Plan up to the limits prescribed by the IRS. SRTA does not match non-management employee voluntary contributions. SRTA matches management employee voluntary contributions up to 50% of the limits prescribed by IRS regulations.

SRTA does not participate in Social Security but participates in a FICA Alternative Plan which requires a 7.5% contribution split between employee and employer. By law, SRTA determines the contribution split. SRTA contributes 6.2% to the FICA Alternative Plan.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 11 – Deferred Compensation Plan (Continued)

In accordance with U.S. GAAP, SRTA is not required to report the value of the plan assets since the assets are held in trust for the exclusive benefit of the participants and their beneficiaries. Consequently, the values of the plan assets and any related liability to plan participants have been excluded from SRTA's financial statements.

Note 12 – Other Postemployment Benefits

A. Plan Description

SRTA's postemployment healthcare plan ("OPEB") provides medical benefits to eligible retired SRTA employees and their beneficiaries pursuant to California Government Code Section 31694 et. Seq. SRTA's OPEB Plan is administered by the CalPERS. Members of the OPEB Plan include retirees of SRTA and of other employer plan sponsors, as well as their eligible dependents. SRTA is considered a plan sponsor.

Retiree medical benefits are also offered to employees eligible for medical insurance as determined by the board of directors and consistent with CalPERS requirements under the state Public Employees' Medical and Hospital Care Act (PEMHCA). SRTA is legally required only to pay the PEMHCA minimum in medical premiums for active and retired employees. However, SRTA has elected to pay amounts above the PEMHCA minimum for full-time employees, administered consistent with PEMHCA standards, as follows:

1. All full-time employees hired prior to July 1, 2012, who retire from the Agency, shall receive up to 100% of the employer-share of medical insurance premiums currently in effect for active employees.

Alternately, effective July 1, 2016, the employee may elect to participate in Number 3. below. Such election shall be in-lieu of the above offer and in effect and irrevocable upon election made in writing. Participation in this option precludes the employee from receiving any Agency retiree premium payment above the required PEMHCA minimum.

2. All full-time employees hired between July 1, 2012, and June 30, 2016, who retire from the Agency, shall receive 25% of the employer-share medical premiums after five years of service. Vesting will continue at 2.5% per year until fifteen years of total service at which time the employee is fully vested at a 50% maximum contribution rate.

Alternately, effective July 1, 2016, the employee may elect to participate in Number 3. below. Such election shall be in-lieu of the above offer and in effect and irrevocable upon election made in writing. Participation in this option precludes the employee from receiving any Agency retiree premium payment above the required PEMHCA minimum.

3. All other employees who qualify for CalPERS medical insurance under this section may elect to participate in an in-lieu retiree medical plan where the Agency will match up to 3% of an employee's annual compensation to a retirement savings plan on a dollar-for-dollar basis. The employee shall immediately vest in all Agency contributions. Eligible retirement savings plans made available by the Agency include IRS Section 457 and 401(a) plans, and may include other plans approved by the board of directors.
4. The health plans can include coverage for an eligible spouse and/or dependents. After a member's death, a surviving spouse is eligible to continue coverage. The maximum subsidy for a surviving spouse is the same as it is for a retiree.
5. SRTA will pay 58% of the premium for spousal coverage and 62% of the premium for other dependent coverage.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 12 – Other Postemployment Benefits (Continued)

A. Plan Description (Continued)

6. The health plans can include coverage for an eligible spouse and/or dependents. After the member's death, a surviving spouse is eligible to continue health plan coverage. SRTA will pay 58% of the premium for spousal coverage and 62% of the premium for other dependent coverage.
7. If a member is eligible for a disability retirement benefit, the member can receive a monthly health plan subsidy of \$187 per month or a \$15 per year of service, whichever is greater

B. Eligibility

Employees of the Agency are eligible for retiree health benefits if they are a vested member of CalPERS. Membership in the plan consisted of the following at June 30, 2017, valuation date:

Inactive employees receiving benefits	1
Participating active employees	9
Total	10

C. Contribution

SRTA, as a plan sponsor, determines the contributions into CalPERS to fund the OPEB Plan. SRTA has decided to pay the liability on pay-as-you go basis. During fiscal year 2018-19, SRTA contributed \$47,295 toward post-retirement health insurance.

D. Net OPEB Liability

SRTA's net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2017.

Actuarial assumptions

The June 30, 2017 actuarial valuation was rolled forward to determine the June 30, 2018 total OPEB liability, based on the following actuarial methods and assumptions:

Actuarial Cost Method	Entry age actuarial cost method
Investment Rate of Return/Discount Rate	7.00%
Healthcare Cost Trend	4.00%
Payroll Increase	2.75%
Mortality Rate Table	2014 CalPERS Active Mortality for Miscellaneous Employees
Retirement Rate	Hired < 1/1/2013: 2009 CalPERS 2.0% @ 55 Rates for Misc. Employees Hired > 12/31/2012: 2009 CalPERS 2.0% @ 60 Rates for Misc. Employees adjusted to reflect minimum retirement age of 52
Service Requirement	100% at 5 Years of Service
Medical Costs	Future Retirees Pre-65 \$1,566 Future Retirees Post-65 \$1,566
Participation Rate	< 65 Non-Medicare Participation % at 80% > 65 Medicare Participation % at 80%
Turnover	2009 CalPERS Turnover for Miscellaneous Employees

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 12 – Other Postemployment Benefits (Continued)

D. Net OPEB Liability (Continued)

Discount Rate

The discount rate used to measure the total OPEB liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that SRTA's contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

The following table is the assumed asset allocation and assumed rate of return using geometric means:

Asset Class	Percentage of Portfolio	Assumed Gross Return
US Large Cap	43.00%	7.795%
US Small Cap	23.00%	7.795%
Long-Term Corporate Bonds	12.00%	5.295%
Long-Term Government Bonds	6.00%	4.500%
Treasury Inflation Protected Securities (TIPS)	5.00%	7.795%
US Real Estate	8.00%	7.795%
All Commodities	3.00%	7.795%
Total	100.00%	

E. Change in the Net OPEB Liability

	Increase (Decrease)		
	Plan Total OPEB Liability	Plan Fiduciary Net Position	Plan Net OPEB Liability/(Asset)
Balance at June 30, 2017	\$ 236,314	\$ 115,057	\$ 121,257
Changes Recognized for the Measurement Period:			
Service Cost	6,156	-	6,156
Interest on the total OPEB liability	16,483	-	16,483
Actual investment income	-	9,161	(9,161)
Changes of benefit terms	-	-	-
Changes of assumptions	-	-	-
Difference between expected and actual experience	256	-	256
Contributions from the employer	-	256	(256)
Benefit payments, including refunds of employee contributions	(8,103)	(8,103)	-
Administrative expense	-	(213)	213
Net Changes during July 1, 2017 to June 30, 2018	14,792	1,101	13,691
Balance at June 30, 2018 (Measurement Date)	\$ 251,106	\$ 116,158	\$ 134,948

E. Change in the Net OPEB Liability (Continued)

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the Agency, as well as what the Agency’s net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current discount rate:

Plan's Net OPEB Liability/(Asset)		
Discount Rate - 1%	Current Discount	Discount Rate + 1%
(6.00%)	Rate (7.00%)	(8.00%)
\$ 180,490	\$ 134,948	\$ 99,488

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the net OPEB liability of the Agency, as well as what the Agency’s net OPEB liability would be if it were calculated using trend rates that are 1-percentage-point lower (3.00 percent) or 1-percentage-point higher (5.00 percent) than the current trend rate:

Plan's Net OPEB Liability/(Asset)		
Trend Rate - 1%	Current Trend	Trend Rate + 1%
(3.00%)	Rate (4.00%)	(5.00%)
\$ 95,897	\$ 134,948	\$ 184,726

F. OPEB Expense and Deferred Outflows of Resources Related to OPEB

For the fiscal year ended June 30, 2019, the Agency recorded OPEB expense of \$13,824. At June 30, 2019, SRTA reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred outflows of resources	Deferred inflows of resources
OPEB contribution after measurement date	\$ 47,059	\$ -
Changes of assumptions	-	-
Difference between expected and actual experience	236	-
Projected earnings on pension plan investments under / (excess of) actual earnings	-	(1,111)
Total	\$ 47,295	\$ (1,111)

Deferred outflows of resources related to OPEB resulting from Agency’s contributions subsequent to the measurement date in the amounts of \$47,059 will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2020.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 12 – Other Postemployment Benefits (Continued)

F. OPEB Expense and Deferred Outflows of Resources Related to OPEB (Continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30,	Deferred Outflows/ (Inflows) of Resources
2020	\$ (258)
2021	(258)
2022	(258)
2023	(257)
2024	20
Thereafter	136
	\$ (875)

Note 13 – Risk Management

SRTA is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. These risks are covered by commercial insurance purchased from Alliant Insurance Services, Inc. There have been no reductions in insurance coverage as compared to the previous year, and, for the past fiscal year, no settlement amounts have occurred.

SRTA’s insurance coverage with Associated Industries Insurance Co. is as follows:

Insurance	Amount
Personal Injury	\$ 2,000,000
Public Officials Errors and Omissions	2,000,000
Products/Completed Operations	2,000,000
Employment Practices	2,000,000
Crime	1,000,000
Property	25,000,000
Workers' Compensation	1,000,000

Note 14 – Commitments and Contingencies

A. Litigations

There are currently no claims and legal actions pending against SRTA.

Shasta Regional Transportation Agency
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2019

Note 14 – Commitments and Contingencies (Continued)

B. Grants

SRTA received federal and state financial assistance from the California Department of Transportation Caltrans. This financial assistance is provided to SRTA as a reimbursement of expenditures incurred in the administration of certain programs. Federal and state financial assistance is recognized as revenue at the time related expenditures are incurred, not when the funds are actually received. Although SRTA's financial assistance programs have been audited through June 30, 2019, in accordance with the provisions of Uniform Guidance, these programs may be subject to further financial and compliance audits by the reimbursing agencies.

C. Commitments

As of June 30, 2019, SRTA has significant outstanding commitments over \$10,000 as follows:

Commitments	Committed	Spent
SCS Implementation Technical Support	\$ 173,220	\$ 5,443
Sustainable Shasta	395,143	81,416
Public Information & Participation	167,521	157,064

Notes to the Budgetary Comparison Schedule
For the Year Ended June 30, 2019

Budgetary and Budgetary Accounting

The operating budget for SRTA is prepared on a basis consistent with generally accepted accounting principles and is adopted as a part of the Overall Work Program for SRTA. The executive director is authorized to transfer budget amounts between accounts within any element of the Overall Work Program. Any revisions which alter the total expenditures of any element require approval by the Board of Directors and Caltrans.

Budgets are adopted annually on the accrual basis for all Governmental Funds. Amendments to the adopted budget require SRTA's Board approval. Reported budget amounts are as originally adopted and subsequently amended. Annual appropriations lapse at fiscal year end.

Schedule of Proportionate Share of the Net Pension Liability and Related Ratios
For the Year Ended June 30, 2019

Last Ten Fiscal Years

California Public Employees' Retirement System ("CalPERS") Miscellaneous Plan

Measurement Date	June 30, 2014	June 30, 2015	June 30, 2016	June 30, 2017	June 30, 2018 ¹
Proportion of the net pension liability	0.00019%	-0.00040%	0.00030%	0.00030%	0.00022%
Proportionate share of the net pension liability/(assets)	\$ 11,798	\$ (2,960)	\$ 7,870	\$ 30,218	\$ 21,512
Covered payroll	\$ 495,433	\$ 577,751	\$ 646,302	\$ 714,715	\$ 746,858
Proportionate share of the net pension liability as percentage of covered payroll	2.38%	-0.51%	1.22%	4.23%	2.88%
Plan's proportionate share of the fiduciary net position as a percentage of the total pension liability	85.66%	101.67%	97.61%	94.55%	97.22%

¹ Historical information is required only for measurement periods for which GASB 68 is applicable. The fiscal year 2015 was the first year of implementation; therefore, only five years are shown.

Notes to Schedule:

Benefit Changes: There were no changes to the benefit terms.

Change in Assumptions: In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Actuarial Assumptions December 2017. There were no changes in the discount rate. In 2017, the accounting discount rate reduced from 7.65 percent to 7.15 percent. In 2016, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense.) In 2014, amounts reported were based on the 7.5 percent discount rate.

Shasta Regional Transportation Agency
Notes to the Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2019

Note 1 – Reporting Entity

The financial reporting entity, as defined by the Governmental Accounting Standards Board (“GASB”) Codification, consists of the primary government, which is the Shasta Regional Transportation Agency (“SRTA”), for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the SRTA’s financial statements to be misleading or incomplete.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

Funds received under the various grant programs have been recorded within the Local Planning (General) Fund of SRTA. SRTA utilizes the modified accrual basis of accounting for the Local Planning (General) Fund. The accompanying Schedule of Expenditures of Federal Awards (the “Schedule”) is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations Part 200*, Uniform Administrative Requirements, Cost Principals, and Audit Requirements for Federal Awards (“Uniform Guidance”). Therefore, some amounts presented in the Schedule may differ from amounts presented in, or used in, the preparation of SRTA’s basic financial statements.

Schedule of Expenditures of Federal Awards

The accompanying Schedule presents the activity of all federal financial assistance programs of SRTA, including federal financial assistance received directly from federal agencies, as well as federal financial assistance passed through the State of California Department of Transportation. The Schedule was prepared from only the accounts of various grant programs and, therefore, does not present the financial position or results of operations of SRTA.

Indirect Cost Rate

The Agency did not elect to use the 10% de minimis indirect cost rate.

Note 3 – Subrecipients

CFDA Numbers	Program Names/Subrecipient Names	Amount Provided to Subrecipients
20.205	Metropolitan Transportation Planning and State and Non-Metropolitan Planning and Research City of Redding	<u>\$ 50,481</u>

Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2019**

Section I – Summary of Auditors’ Results

Financial Statements

Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP: **Unmodified**

Internal control over financial reporting:

- Material weakness(es) identified? **No**
- Significant deficiency(ies) identified? **None Reported**

Noncompliance material to financial statements noted? **No**

Federal Awards

Internal control over major federal programs:

- Material weakness(es) identified? **No**
- Significant deficiency(ies) identified? **None Reported**

Type of auditors’ report issued on compliance for major federal programs: **Unmodified**

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)? **No**

Identification of major federal programs:

CFDA Numbers	Name of Federal Program or Cluster	Federal Expenditures
20.505	Metropolitan Transportation Planning and State and Non-Metropolitan Planning and Research	\$ 1,134,584
	Total Expenditures of All Major Federal Programs	\$ 1,134,584
	Total Expenditures of Federal Awards	\$ 1,214,906
	Percent of Total Expenditures of Federal Awards	93.39%

Dollar threshold used to distinguish between type A and type B programs: **\$750,000**

Auditee qualified as a low-risk auditee under 2 CFR 200.520? **Yes**

Shasta Regional Transportation Agency
Schedule of Findings and Questioned Costs (Continued)
For the Year Ended June 30, 2019

Section II – Financial Statement Findings

A. Current Year Findings - Financial Statement Audit

No current year findings were noted.

B. Prior Year Findings - Financial Statement Audit

2018-001 Internal Control and Compliance Over Financial Reporting

Criteria:

Pursuant to Government Code section 53891 (a), the officer of each local agency who has charge of the financial records shall furnish to the State Controller a report of all the financial transactions of the local agency during the preceding fiscal year. The report shall contain underlying data from audited financial statements prepared in accordance with generally accepted accounting principles, if this data is available. The report shall be furnished within seven months after the close of each fiscal year and shall be in the form required by the State Controller.

Condition:

During our testing of SRTA's compliance with the reporting requirement, we noted that the Transportation Planning Agencies Financial Transactions Report was submitted after the due date. The report was due January 31, 2018 and it was submitted to the State Controller's Office on February 8, 2018.

Recommendation:

We recommended SRTA develop a policy to ensure a timely submission of the required reports.

Status:

Finding was resolved during the year ended June 30, 2019.

Shasta Regional Transportation Agency
Schedule of Findings and Questioned Costs (Continued)
For the Year Ended June 30, 2019

Section III – Federal Award Findings and Questioned Costs

A. Current Year Findings and Questioned Costs – Major Federal Award Program Audit

No current year findings were noted.

Section III – Federal Award Findings and Questioned Costs

B. Prior Year Findings and Questioned Costs – Major Federal Award Program Audit

2018-002 Reporting – Internal Control and Compliance over Reporting

Identification on the Federal Program:

Metropolitan Transportation Planning and State and Non-Metropolitan Planning and Research (CFDA Number 20.505, U.S. Department of Transportation, Passed through State of California, Department of Transportation (“Caltrans”), Award Number 74A0821)

Criteria or Specific Requirement (Including Statutory, Regulatory, or Other Citation):

Pursuant to Article I – Section 2 Quarterly Progress Reports in the Master Fund Transfer Agreement between Shasta Regional Transportation Agency and the State of California, Department of Transportation, SRTA is required to submit the Quarterly Progress Report (“QPR”) that include all work elements for transportation planning tasks, projects, and products funded wholly or in part by any of the fund sources: (i) FHWA Metropolitan Planning; (ii) FTA Metropolitan Planning; (iii) FHWA State Planning and Research-Partnership Planning; (iv) FTA State Planning and Research, no later than thirty (30) calendar days after closing of each quarter.

Pursuant to the same Article, Caltrans may withhold payment of Requests for Reimbursement submitted pending the submission of required documentation.

Pursuant to Article I – Section 3 Final Request for Reimbursement and OWP Closeout Documentation in the Master Fund Transfer Agreement between Shasta Regional Transportation Agency and the State of California, Department of Transportation, SRTA is required to submit an OWP/annual OWPA closeout documentation package to the State of California, Department of Transportation, no later than August 31st of each fiscal year.

Pursuant to the same Article, Caltrans may withhold future apportionments and/or allocations pending the submission of required documentation.

The Internal Control Framework would include establishing or enhancing guidance in the *Control Environment* by setting the tone of an organization, influencing the control consciousness of its people. The Control Environment is the foundation of all other components of internal control, providing discipline and structure.

Condition:

During our testing of SRTA’s compliance with the reporting requirement, we noted that the fourth QPR and the Certification of Allocation and Expenditure by Fund Source were submitted after the due date. The fourth QPR was due July 30, 2018 and it was submitted to the Caltrans on August 20, 2018. The Certification of Allocation and Expenditure by Fund Source was due August 31, 2018 and it was submitted to the Caltrans on September 11, 2018.

**Shasta Regional Transportation Agency
Schedule of Findings and Questioned Costs (Continued)
For the Year Ended June 30, 2019**

Section III – Federal Award Findings and Questioned Costs (Continued)

B. Prior Year Findings and Questioned Costs – Major Federal Award Program Audit (Continued)

2018 - 002 Reporting – Internal Control and Compliance over Reporting (Continued)

Recommendation:

We recommended SRTA update procedures to improve the risk assessment process and control activities over the timely submission of the reports in event of turnovers.

Status:

Finding was resolved during the year ended June 30, 2019.
